	NOTE FOR: Mr. Proctor
	SUBJECT: Peripheral Reconnaissance Review
	This is to update your information on the status of the peripheral
	reconnaissance review requested by Dr. Kissinger.
	You will recall that the Director (Mr. Schlesinger) sent a
	memo to Acting Secretary Clements saying that General Allen, and General Graham of the IC Staff would
	coordinate for him in the review. He said further that CIA would develop the assessment of value to "national intelligence" and
	that he would seek the views of USIB on the CIA assessment and on the usefulness of all information collected relative to USIB objectives
	and priorities.
	Per your instructions, I have offered my services to General
	Graham but to date he does not appear to be actively involved in the review.
	On Friday 22 June, however, brought
	of DIA to see me. explained that DoD is tackling the review job through six task teams:
	- Team I - Requirements and Priorities -
	DIA
	- Team IA - Assessment of Collection Rate and Intelligence Value of Product DIA
	Varies of Fronter DIA

Approved For Release 2008/01/03 : CIA-RDP80B01495R001300070021-1

	William Commenced with the	25 X 1
25X1	- Team IB - Evaluation of Options (satellite and un- manned platforms vs. manned) - DIA	25X1
25X1	- Team II - Risk Assessment	25X1
	- Team III - Southeast Asia - J3/JCS	25X1 25X1
	- Team IV - Underwater -	23/1
	Overseeing the work of these task teams is a Steering Committee consisting of:	
25X1	- General Davidson - OASD (I) - DIA - General Haupt - JCS Staff	
25X1	commented that the IC Staff had hoped to be included in the Steering Committee but the hope was not realized.	
25X1	and I exchanged notes on the format and data being used to develop our respective spread sheets. We are remarkably in synch on our approaches to identifying the programs, areas of operations, operational targets, numbers of missions areas of operations, I agreed to add in one more column - the etc. At request, I agreed to add in one more column - the substantive "Driving Requirement" for those programs which are judged to be of value to CIA intelligence needs.	25X1
25X1	reported that assessment team was assessment trouble in getting team agreement on how to do it. I gave	25X1
25X1	our definitions for the observations for the observations for the observations of our working the spread sheets along with the preliminary results of our working the spread sheets who chairs the CIA working group, who chairs the CIA working group, group. I explained that who chairs the CIA working group, group. I explained that who chairs the CIA working group, group.	25X1
	I pointed out that we should take steps to adjudicate differences between DOD and CIA on "national intelligence" values well before	
		25 X 1

		25 X 1
	TOP SECTION	
	the value judgements go to USIB for review and, further, we	
	should have an opportunity to comment on other aspects of the study which might bear on the Director's 40 Committee respon-	
	sibilities. To this end, I suggested to	25X1
5X1	that:	20/(1
5X1		
	- As DOD team does its value judgements should exchange data with on a	²⁵ X15X1
	continuing basis and iron out differences as we	_3/(1
	proceed; we also want a look at a draft of the	
	"options" report by other team.	25 X 1
		25X1
5X1	should remain in touch with	25/1
5X1 5X1	should remain in touch with on what DOD is developing on risk assessment.	25/1
